GRAVE DANGER MINISTERS

Of Attack from the Spanish==Preparing to Engage American Marines With a Superior Force

Delay in Starting Shafter's Army of Invasion from Tampa May Cost Many Lives==Force Inadequate to Hold Permanent Position.

Off Guantánamo, June 15.—(Special.)—An attack by Spanish soldiers in force is greatly feared. Troops have been crossing three miles up the bay all day in great numbers. Cuban scouts report the Spanish soldiers being shipped by train from Santiago toward this point. The Spanish believe that American landing will be made there. The 900 marines now in camp here are in a very critical position and would have much difficulty in holding out against a large army. The naval officers fully expected Gen. Shafter's expedition to be in Cuba by this time, but the delay at Tampa may cost many valuable lives.

Spanish Fortifications at La Destroyed.

Camp McCalla, June 16.—(Special.)—La Caimanera, across Guantánamo bay from here, was bombarded yesterday. The old brick part was knocked over by shots from the Texas, Marblehead and Suwanee. The Spaniards fired a half dozen shots and fled to the bushes. After the forts fell the Americans dropped shells into the thickets for more than an hour. The object of the bombardment was to keep reinforcements away from the camp here and possibly draw some Spaniards here by a new point of attack.

Got 'Em Skeered in Cadiz.

Cadiz, June 16.—(Special.)—Great fears are felt here that the American fleet will come to Spain. Further reinforcements will be sent to the Balearic Islands, the Canaries and the prison island of Ceuta.

It is reported here from Spanish sources that Admiral Dewey is short of ammunition.

Saggy Has Heard Bad News.

Madrid, June 16.—(Special.)—The news that Manila has fallen is now expected at any moment. Premier Sagasta is greatly agitated over a dispatch received yesterday from Augusti. The contents are unknown, but it is feared there has been a general uprising of the natives in the Philippines.

A German Vessel Was Pursued.

Key West, June 16.—(Special.)—A torpedo boat chased a German steamer for an hour last night and brought her up with a shot across her bows. The German skipper in command fainted when told that he was being pursued by a torpedo boat.

The Cable is Cut at Last.

Madrid, June 16.—(Special.)—Corro, Minister of War, announces that communication with Santiago has been broken and no news has been received from Guantánamo. Macias, Captain General of Porto Rico, telegraphed yesterday that matters were quiet at San Juan.

British Subjects to Quit Havana.

Kingston, Jamaica, June 16.—(Special.)—The British steamer Talbot sailed this morning. It is rumored that she is going direct to Havana to bring off British subjects.

To "Remember the Maine" in Granite.

Key West, June 16.—(Special.)—Citizens have started here a popular subscription to erect a monument to the 266 sailors who lost their lives in the blowing up of the Maine.

Desertion of 5000 Spanish Soldiers.

Key West, June 16.—(Special.)—The Cuban Junta has received news from the Secretary of the Cuban Civil Government that Puerto Prin-

cipio is doomed. Blanco's conscripts to the number of 5000 have deserted to the Cubans. The Spanish garrison at Neutidas has abandoned the city after burning nearly all of the buildings. He says one ship can force the surrender of Puerto Principe and that 10,000 Cubans in Havana are ready to turn on the Spaniards at the right moment.

The Latest Gossip at the Capital.

Washington, June 16.—(Special.)—Secretary Alger denies that the government is considering the advisability of a fourth call for volunteers.

There is more gossip of the plan to carry the war into Spain and send a fleet to bombard Cadiz and Ferrol. The project has not advanced beyond discussion.

Sighted no Enemy in the Gulf.

Key West, June 16.—(Special.)—The battleship Indiana and the warships Detroit, Wampatuck and Eagle, the latter being the gallant little vessel commanded by Lieut. Southerland, returned this morning from a reconnoitering expedition and report no Spanish vessels in these waters.

Miles Wants a Place for His Son.

Boston, June 16.—(Special.)—Gen. Nelson A. Miles, Commander of the Army, has requested the Governor of Massachusetts to give his son a commission in one of the State volunteer regiments.

Our Poor Opinion of Spain.

Washington, June 16.—(Special.)—The hospital ship Solace has been ordered to keep away from Spanish ships, the authorities believing the Spanish vessels would fire on the Solace if given a chance.

The Ciudad Skedaddles.

Gibraltar, June 16.—(Special.)—The Ciudad de Cadiz, one of the Spanish cruisers here, sailed this morning under sealed orders.

Rhody Taps a Barrel.

Newport, R. I., June 16.—(Special.)—The Rhode Island legislature has appropriated \$150,000 for war purposes.

The Senate Refers the Hawaiian Resolutions.

Washington, June 16.—(Special.)—The Senate has referred New-land's Hawaiian resolutions to the foreign committee.

Secretary Alger expects the Santiago expedition to reach its destination Saturday or Sunday.

STRETCHED HEMP.

Glasgow Comes Forward With a Lynching.

Glasgow, Ky., June 16.—(Special.)—Caleb Gaines, the negro boy who assaulted little Ethel Allen, aged 4 years, Tuesday afternoon, was hanged to a tree at midnight last night. The boy went to the home of Elijah Allen, the child's father, and calling the little tot into a stable, attempted his fiendish crime. He was caught in the act, but made his escape and was arrested by a posse yesterday with the father at his head, and taken to jail.

THE DAM BROKE.

And Four Lives Were Lost in the Flood.

Kansas City, June 16.—(Special.)—Mrs. Elsie Greenlee, Robt. Cakenote, Willie Cakenote and Mollie Cakenote lost their lives by the breaking of a dam at Chelsea Park last night.

There are rare soldiers among Columbia's raw recruits.

Move Upon The City Four Hundred Strong.

The Ministers' Meeting of the General Association of Kentucky Baptists, convened this morning at 10 o'clock in the Baptist church.

STRANGERS IN OUR GATES.

Hopkinsville is now the temporary abiding place of several hundred visitors from all over Kentucky. Our people have opened their hearts and homes to these strangers and are endeavoring with genuine Kentucky hospitality to make them feel at home. They are a body of devout Christian men and women, representing one of the great religious denominations of the United States. The ablest men in the Baptist church in Kentucky and other Southern States are here and many of them will be heard from the pulpits of the various churches during their sojourn. Not only are we glad to have these distinguished divines "in our midst," but the humblest laymen among the visitors are equally as welcome. On behalf of the people of Hopkinsville, THE DAILY KENTUCKIAN extends the "glad hand" to the visiting brethren.

Sir Julian Paunceforte has informed Secretary Day that when the United States captures Cuba Spain will be forced by the powers to end the war. Great Britain looks on the situation in the light that when Spain has lost the island there will be nothing left for her on which to continue the struggle. Sir Julian Paunceforte has assured Secretary Day that the powers will not permit Spain to continue a hopeless war to the detriment of their commerce.

Admiral Sampson reports that he has been reinforced by several hundred Cubans and that our forces at Guantanamo are in a very satisfactory condition. The town of Asceraderos has been occupied by the troops under Gen. Radi. The men under Gen. Garcia are co-operating with the American forces and protecting them from the nocturnal raids of the Spanish guerrillas.

The war has brought to the front the Nicaraguan Canal scheme and its necessity has been emphasized as never before. If this canal had been in operation, the Oregon would have reached Cuba in ten days or two weeks, instead of taking nearly two months to round the Horn. The canal will be built some day, and the United States should build it.

There is a good deal of complaint from Chickamauga about the scarcity of food and money, but of water there is the greatest plenty. There are heavy rains falling every day and the camp is flooded, great ponds of water standing everywhere.

Dr. E. Benjamin Andrews, of Brown University, one of the oldest and most distinguished bimetalists in the country, has been tendered the superintendence of the Chicago city schools and will come to a decision on the offer the last of the month.

The Republican primaries in Louisville have been held and Todd made a very poor showing. The contest was so one-sided that Evans' re-nomination will be practically unanimous, at to-day's convention.

John Rhea deserved the unanimous re-nomination the Democrats of the Third district gave him. His district is now safely Democratic and he will be easily re-elected.

Gen. Caupinger, Blaine's son-in-law, will head the expedition to Porto Rico. He will be given an army of 20,000, including all regulars remaining in the South and the pick of the volunteers.

If Spain will not consent to end the war after Cuba and Porto Rico have been captured, preparations are being made to press the war into Spain itself.

James M. Hobson, a twenty-year-old brother of Lieut. Hobson, the hero of the Merrimac, has just been appointed a cadet to West Point from Alabama.

The War Department has refused to appoint third lieutenants. The officers already threaten to outnumber the privates.

BENNETTSTOWN, KY., JUNE 13.—	
EDITOR KENTUCKIAN.—The largest congregation I have ever seen, I think, at Little River on Saturday, assembled there last Saturday. Our pastor baptized both Saturday and Sunday. We had seven assemblies: by baptism, five; by letter, one. Others will join soon. Sunday Lord's supper was administered in the presence of a large audience.	
Great solemnity prevailed. Our pastor preached on "The Supper," which we think was gladly received and made a lasting impression.	
We begin a series of meetings Saturday before the Fourth Sunday in October. We unanimously invited Elder C. L. Roberts, of Princeton, who assists Bro. Perryman in evangelistic work, to be with us, and conduct our song service. We are praying for grand meetings. Our church is being built up on all lines of work. Our meeting conducted in the tent here, by Bro. Perryman, resulted in many confessions and reclamations and a general revival. Many of our friends are deeply anxious to be saved as a result of the meeting.	
We give God the glory for the grand work of grace done here.

Strange Accomplishment.

Among the customs of the aborigines of Australia, a party of English explorers discovered that nasal flute playing was one. Two young natives with flutes about their hair were selected to furnish music for a feast. The English were surprised to see them hold them simple, forest-made flutes to their noses.

With their mouths closed they inhaled through one nostril and exhaled through the other in such a way that it was possible to produce a certain weird, wild music.—Chicago News.

Mrs. Thomas Hagerman, an old lady of Warren county, died Saturday afternoon. When a mere child Mrs. Hagerman had two fingers cut from her left hand. Nothing more came of it after they healed, and, barring the inconvenience incident to such misfortune, nothing was thought of it until some time last week. Then she was taken with a severe pain located in the severed members. The pain became excruciating and a physician was summoned. Nothing could be done to arrest the serious pain, but instead her arm became inflamed, turned black and blood poisoning set in, causing death.

John Rhea's Easy Victory.

The Democratic Congressional Convention for the Third district was held at Bowling Green Wednesday and Congressman John S. Rhea was renominated by acclamation. Mr. Rhea was not present, but sent a letter of acceptance.

Hopkinsville Tobacco Market.

(Reported by J. F. Eggers, of Cummings & Eggers Co., incorporated, buyer of oiler, dr. salter and handle of tea tobacco.)

The offering this week was not so good as previous week. Mostly common to medium leaf appeared.

The demand for all grades was good. The sales were extended through the best part of three days. There is a disposition on the part of sellers to close out; hence, in a few weeks there will be but very little on sale.

Weather conditions have been favorable on the growing crop.

To-day we are having light showers, which are needed very badly on vegetation, also to enable all farmers to finish planting and resetting.
